**Premium Plan**

**Notice of Grandfathered Plan Status** This plan is being treated as a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your coverage may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits. Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator at the phone number or address provided in your plan documents, to your employer or plan sponsor or an explanation can be found on Cigna's website at [http://www.cigna.com/sites/healthcare\\_reform/customer.html](http://www.cigna.com/sites/healthcare_reform/customer.html). If your plan is subject to ERISA, you may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or [www.dol.gov/ebsa/healthreform](http://www.dol.gov/ebsa/healthreform). This website has a table summarizing which protections do and do not apply to grandfathered health plans. If your plan is a nonfederal government plan or a church plan, you may also contact the U.S. Department of Health and Human Services at [www.healthcare.gov](http://www.healthcare.gov).

**Selection of a Primary Care Provider** - your plan may require or allow the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. If your plan requires designation of a primary care provider, Cigna may designate one for you until you make this designation. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit [www.mycigna.com](http://www.mycigna.com) or contact customer service at the phone number listed on the back of your ID card. For children, you may designate a pediatrician as the primary care provider.

**Direct Access to Obstetricians and Gynecologists** - You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit [www.mycigna.com](http://www.mycigna.com) or contact customer service at the phone number listed on the back of your ID card.

A Notice for Missouri Residents: This plan does not include an optional rider to cover elective abortions.

## Pharmacy

Benefits not provided by Cigna.

## Additional Information

### Case Management

Coordinated by Cigna HealthCare. This is a service designated to provide assistance to a patient who is at risk of developing medical complexities or for whom a health incident has precipitated a need for rehabilitation or additional health care support. The program strives to attain a balance between quality and cost effective care while maximizing the patient's quality of life.

### Cigna Diabetes Prevention Program in collaboration with Omada

Cigna Diabetes Prevention Program in collaboration with Omada is a program to help you avoid the onset of diabetes, as well as health risks that might lead to heart disease or a stroke. The program is covered by your health plan at the preventive level, just like for your wellness visit. Program participants have access to a professional virtual health coach, an online support group, interactive lessons, and a smart-technology scale. The program will help you make small changes in your eating, activity, sleep, and stress to achieve healthy weight loss through a series of 16 weekly lessons and tools to help you maintain weight loss over time. You will also be offered the opportunity to join a gym for a low monthly fee and no enrollment fee.

### Maximum Reimbursable Charge

The allowable covered expense for non-network services is based on the lesser of the health care professional's normal charge for a similar service or a percentage of a fee schedule (110%) developed by Cigna that is based on a methodology similar to one used by Medicare to determine the allowable fee for the same or similar service in a geographic area. In some cases, the Medicare based fee schedule will not be used and the maximum reimbursable charge for covered services is based on the lesser of the health care professional's normal charge for a similar service or a percentile (80th) of charges made by health care professionals of such service or supply in the geographic area where it is received. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used. Out-of-network services are subject to a Calendar Year deductible and maximum reimbursable charge limitations.

### Out-of-Network Emergency Services Charges

1. Emergency Services are covered at the In-Network cost-sharing level as required by applicable state or federal law if services are received from a non-participating (Out-of-Network) provider.
2. The allowable amount used to determine the Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or federal law.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

### Medicare Coordination

In accordance with the Social Security Act of 1965, this plan will pay as the Secondary plan to Medicare Part A and B as follows:

- (a) a former Employee such as a retiree, a former Disabled Employee, a former Employee's Dependent, or an Employee's Domestic Partner who is also eligible for Medicare and whose insurance is continued for any reason as provided in this plan (including COBRA continuation);
- (b) an Employee, a former Employee, an Employee's Dependent, or former Employee's Dependent, who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months.

When a person is eligible for Medicare A and B as described above, this plan will pay as the Secondary Plan to Medicare Part A and B **regardless if the person is actually enrolled in Medicare Part A and/or Part B and regardless if the person seeks care at a Medicare Provider or not for Medicare covered services.**

## Definitions

**Coinsurance** - After you've reached your out-of-network deductible, you and your plan share some of your medical costs. The portion of covered expenses you are responsible for is called Coinsurance.

**Copay** - A flat fee you pay for certain covered services such as doctor's visits or prescriptions.

**Deductible** - A flat dollar amount you must pay out of your own pocket before your plan begins to pay for covered services.

**Out-of-Pocket Maximum** - Specific limits for the total amount you will pay out of your own pocket before your plan coinsurance percentage no longer applies. Once you meet these maximums, your plan then pays 100 percent of the "Maximum Reimbursable Charges" or negotiated fees for covered services.

**Place of service** - Your plan pays based on where you receive services. For example, for hospital stays, your coverage is paid at the inpatient level.

**Prescription Drug List** - The list of prescription brand and generic drugs covered by your pharmacy plan.

**Professional Services** - Services performed by Surgeons, Assistant Surgeons, Hospital Based Physicians, Radiologists, Pathologists and Anesthesiologists

**Transition of Care** - Provides in-network health coverage to new customers when the customer's doctor is not part of the Cigna network and there are approved clinical reasons why the customer should continue to see the same doctor.

## Exclusions

### What's Not Covered (not all-inclusive):

Your plan provides for most medically necessary services. The complete list of exclusions is provided in your Certificate or Summary Plan Description. To the extent there may be differences, the terms of the Certificate or Summary Plan Description control. - Care required by state or federal law to be supplied by a public school system or school district.
